CHIPSET	Intel W790 Chipset
MEMORY	8 x DIMM slots, DDR5, ECC Registered Memory (Upto 512GB)
GRAPHIC CARD	5 x PCIe 5.0 x16 slot(s) (supports x16, x16, x16, x0/x8, x16/x8 modes) - Upto 2 x Dual slot GPU
STORAGE	Upto 3.84TB NVME and Upto 23.04TB HDD
OPERATING SYSTEM	Windows 10/11 Pro / Ubuntu
POWER SUPPLY UNIT	UPTO 2000W PSU

Warranty

Every system is granted with Three (3) year on-site (doorstep) warranty. Apart from the warranty service provided by Dart Frog, the individual warranties on the parts provided by the manufacturing companies apply as per their warranty policies and the buyer can choose to avail them directly with the companies.

The purchase Invoice is your warranty document for all parts of your build

Warranty does not cover the following:

Damage caused by actions that are beyond our control, such as: impacts, liquids, fire, rain, lightning or other disasters such as: nuclear war, zombie apocalypse, epidemic, alien occupation or armed insurrection.

Product that has been damaged through misuse, abuse or mishandling.

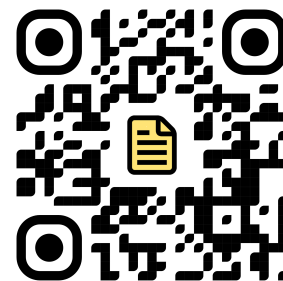

Unauthorized modification of the system as a whole or individual component and/or the attachment of local/unbranded peripheral devices.

Products under warranty will either be repaired or replaced as per manufacturer/supplier warranty policy.

In case any serial numbers or tagging is removed from components - warranty can be voided

Damage due to power surge on account of voltage fluctuations, due to direct plugging – without use of UPS and/or caused due to “Inadequate Earthing Provision at Office/Home Electrical Connection”, shall be construed and considered as CUSTOMER INDUCED DAMAGE and are not covered under standard warranty.

Monitor, UPS, Keyboard & other peripherals are covered by their respective Manufacturer for warranty support and service, not by DFTSPL

About Us

Established in 2014, Dart Frog Technology & Services Pvt. Ltd. is one of the only national custom PC integrators shipping in over 200+ cities of India. High performance systems is our forte – demanding builds which do video editing, 3D Modeling & Rendering, Machine Learning & AI, Servers and extreme gaming builds, we cater to professionals and gamers alike. Our B2C arm themvp.in – High performance systems is rated very highly by customers across Google & FB- over 1000 positive reviews (average rating of 4.9)

Every build goes through extensive quality testing and benchmarking to ensure that it reaches the end user and works right outside the box – the credit goes to our uncompromising quality team who put quality assurance above all else.

We are certified system integrator from Nvidia, and a preferred partner for Gigabyte, NZXT and Zotac among other major OEMS
